## DOLPHIN SLIMLINE ECO HAND DRYER

- > Quality stainless steel body with all metal back plate for excellent vandal resistance
- > Only 100mm depth of body reducing impact in the washroom and complying with the ADA Disability Act
- > Very low operating power (see table below) saving 80% or more of user's energy costs against conventional hand dryers
- > Less than 0.5W stand-by power
- > Infra-red self-adjusting sensor with additional manual adjustment
- > Heater on/off switch and adjustable airflow giving the potential for even greater energy savings (see table below)
- > Dries hands in under 15 seconds with heater on at full speed – reducing CO<sub>2</sub> emissions drastically!
- > Outlet temperature 55°C (131°F) at 25°C (77°F) ambient temperature with heater on and at full speed
- > Three year limited warranty
- > IP24 rated – very high IP rating for a hand dryer rendering it suitable for use in mental health institutes
- > Class I rated isolation
- > Average Reuse Rate under WEEE Directive: 78%
- > Average Recovery Rate under WEEE Directive: 96%
- > Ska compliant product
- > Unit should be mounted to give no less than 300mm clearance from the bottom of the unit to the nearest surface below
- > Power consumption and performance data

<b>HEIGHT</b>	<b>212.5 MM</b>
<b>WIDTH</b>	<b>268 MM</b>
<b>PROJECTION</b>	<b>100 MM</b>

**PLEASE NOTE:** We strongly recommend that the surfaces beneath and to either side of this dryer allow regular cleaning (such as smooth cleanable paint, tile, Perspex, stainless steel etc) to prevent staining from the water blown from users hands. New generation high speed dryers such as this are designed to blow the water off the hands so consideration like this needs to be given to deal with the water deposits.
