- › To special order we can supply a special mounting plate that allows this dryer to be interchangeable with our BC9288BM paper towel dispenser at a later date
- › Fitted with a 1m flex cable with bare ends for connection to fused spur

<b>HEIGHT</b>	<b>170MM</b>
<b>WIDTH</b>	<b>282MM</b>
<b>PROJECTION</b>	<b>139MM</b>

PLEASE NOTE: We strongly recommend that the surfaces beneath and to either side of this dryer allow regular cleaning (such as smooth cleanable paint, tile, Perspex, stainless steel etc) to prevent staining from the water blown from users hands. New generation high speed dryers such as this are designed to blow the water off the hands so consideration like this needs to be given to deal with the water deposits.
